Listening Scripts

Unit (1)

1. Last Sunday, Lina and her brother Omar visited the riverbank near their village. The calm, sunny weather made the farms and palm trees beautiful. They watched a fisherman catch fish and saw children flying kites. They bought fresh food from a small market and listened to their grandfather's village stories.
2. Salma is my best friend. She lives in a small village near sand dunes in the desert. Most people take care of animals and grow crops. Salma enjoys village life because everyone knows each other. In the afternoon, she rides a donkey with her cousins to explore nearby farms. She finds desert life simple and wonderful.

Unit (2)

1. Today, the class learned about protecting the planet using the 3Rs: Reduce, Reuse, and Recycle. Reduce means using less to avoid waste. Reuse means using items again instead of throwing them away. Recycle changes old materials into new products. Students should use the 3Rs at school and at home to keep the planet clean.
2. Every day, we use water, electricity, and gas. If we are careful, we can save these resources for the future. Turn off the tap while washing, switch off lights when leaving a room, and use fans when needing them. We should also encourage others to use resources wisely.

Test on Units 1&2

- Plants and animals need care. We should be kind to animals and give them food, water, and a safe place to live. Plants need sunlight, water, and clean soil to grow. If we protect nature, our planet will stay healthy. Let's care for animals and plants together.

Model Answers

7 Write a paragraph.....:

1 Protecting Our Planet

Protecting our planet is everyone's responsibility, and trees play a big role in keeping the air clean. We should recycle materials like paper and plastic instead of throwing them away. It is also important to reuse items whenever possible to reduce pollution. By caring for trees, recycle properly, and reuse resources, we help keep Earth healthy for future generations.

2 Saving Water

Turn off the tap while you brush your teeth to save water. Taking a short shower every day helps reduce waste and protects the environment. When people forget to turn off unnecessary water sources, a lot of water goes to waste. A short shower is a simple habit that can make a big difference.
